The County's entomologist, Dr. Tracy Ellis, will be available to answer questions during the presentation. *Note: This presentation is intended to be informational; the County has not requested a vote on the ordinance, however the Board may vote to submit formal comments.*

8. PUBLIC HEARING (*Presentation, Discussion and Possible Vote*)

The Lakeside Community Planning Group is an elected body that acts in an advisory capacity to the Department of Planning & Development Services (PDS), the Planning Commission, the Board of Supervisors and other County departments. The Planning Group's recommendations are advisory only and are not binding on the County of San Diego.

A. 67 & Bradley Verizon Cell Tower Minor Use Permit (PDS2013- ZAP13-003) Discretionary Minor Use Permit for new 60' faux pine tree cell tower and equipment building at 1681 North Magnolia Avenue (cross street Bradley

Avenue). This project was unanimously approved (12-0-0-3) by the LCPG in November 2013. The County informed the LCPG in March 2014 that the FAA has required a red light to be placed on the top of the tower. This was not known at the time of our hearing. The LCPG has the opportunity (but not the requirement) to revisit this aspect of the project, if desired.

A. 2015 General Plan Clean up - The following are items which may be considered in the 2015 General Plan Clean up.

1. Rezoning of 1322 Pepper Drive (APN 388-260-33) and 1332 Pepper Drive (APN 388-260-32) – The parcels currently have a Land Use designation of C-1 (General Commercial) and zoning use regulation of C36 (General Commercial). Prior to the GP Update, 1322 was commercial and 1332 was high density residential. These parcels are in a land use ‘transition area’ with General Commercial on the west and Village Residential 30 (VR-30, 30 units per acre) on the east. These parcels will be considered for rezoning to multi-family housing.

2. Parking Restrictions – The County has responded to the LCPG request to revert parking restrictions in the Lakeside community planning area to those existing prior to the GP update. The County will consider this request as part of the 2015 General Plan Clean up. The LCPG will consider the following proposed language:

Require 2.1 parking spaces per unit for all multi-family residential development. Accommodations on appropriate reductions can be made only for those types of development noted in General Plan policy M-10.5, when reductions would not affect desired community character.

9. GROUP BUSINESS (Discussion & Vote)

A. Vacancy Seat #4 – The Board will vote to recommend an applicant to the Board of Supervisors to fill the vacancy of Lakeside Community Planning Group Seat #4. Candidate applications and recorded candidate statements (as audio-taped on March 5, 2014), can be obtained online at www.lcpg.weebly.com on the Members page. *Note that prior to voting on the candidates, the Board will review and approve the voting methodology.*

B. Reimbursement: Vote on reimbursement requests, if any.

C. Member’s Attendance Review:

1. At the March 5, 2014 meeting, an attendance review was conducted, and it was noted that members Linda Strom and Bob Turner have missed one-third of the total meetings in the previous 12 month period. A vote will be taken by the remaining authorized membership to either waive recognition of the forfeitures for cause, or reaffirm the forfeitures.

2. An attendance review will be conducted for all members, and any member who meets the criteria for forfeiture will be identified, and noted in the minutes, and an action will be placed on the next agenda to vote to either waive or reaffirm the forfeiture.
